The screenshot shows the IBM Cloud catalog interface for the Cloudant Lite service. The browser address bar displays the URL: `cloud.ibm.com/catalog/services/cloudant?bss_account=f6af63d24ec64895a2b53f25326b17aa`. The page header includes the IBM Cloud logo, a search bar, and navigation links for Catalog, Manage, and the user account (Harish B S's Account). The main content area is divided into two sections: Plan and Capacity. The Plan section shows two options: Lite (selected) and Standard. The Lite plan is described as 'Full functionality for development and evaluation with a set capacity. Only one Lite plan instance per account.' and is 'Free - Only in multi-tenant'. The Standard plan is described as 'Granular control over provisioned throughput capacity allocated. Billing prorated hourly.' and is 'Starting at \$75.00/month'. The Capacity section displays four metrics: 20 Reads per second, 10 Writes per second, 5 Queries per second, and 1 GB Storage included. A 'Cost calculator' button is located below the Capacity section. On the right side, a 'Summary' panel lists the service as 'Cloudant Lite' and 'Free', with a table of included features: 20 Reads/sec (Free), 10 Writes/sec (Free), 5 Global Queries/sec (Free), and 1 GB Storage (Included). At the bottom right, there are two buttons: 'Create' and 'Add to estimate'.

The screenshot displays the Cloudant Databases dashboard. The browser's address bar indicates the URL: 40ca8663-4d7c-424f-97cf-fb04d69aab26-bluemix.cloudant.com/dashboard.html. The page features a sidebar with navigation icons and a main content area titled 'Databases'. Under the 'Your Databases' section, an empty table is visible with columns for Name, Size, # of Docs, Partitioned, and Actions. To the right of the table, there are buttons for 'Create Database', 'JSON', and a notification bell. The bottom of the page shows a status bar indicating 'Showing 1-0 of 0 databases' and 'Databases per page 20'. The Windows taskbar at the bottom shows the system time as 1:41 PM on 11/7/2022.
